Additional Technical Information

USB

USB Type-C female supports 20V 3A power charging for the dock and your USB-C PC.
2x USB 3.0 ports support up to 5Gbps data transfer and other standard USB devices (keyboards/mice/USB flash/hard disks, etc).
Support power outputs up to 900mA from USB ports.

Audio & Video

HDMI port supports up to max video resolution up to 4K*2K@30Hz. Both video & audio support.
VGA port supports up to max video resolution up to 1920*1080p@60Hz. It can support sound output by plugging a 3.5mm audio cable at the back side of the dock.
This dock does not support simultaneous VGA and HDMI display output.

Network & Other

Lan supports gigabit ethernet and does not require CD driver when you set up (disc free).
SD card reader supports SD card and micro SD card (TF card). Maximum read and write is 60Mbps/s in theory.
