

MPN: MMST-DDR3-24001-2GB

## 2GB Memory Module NON-ECC, DDR3 PC3 10600, 240PINS, DIMM

In CoreParts you will find a wide range of alternative RAM modules all using original chip sets, that match the performance of your original RAM modules with different sizes, and capacities, manufactured by high-end, certified and trusted suppliers.

- High Quality
- Tested and certified
- Matching Performance
- Reliable with 10 years Warranty

### Specifications

|                    |                                |                |
|--------------------|--------------------------------|----------------|
| Features           | CAS latency                    | 9              |
|                    | Component for                  | PC/server      |
|                    | ECC                            | No             |
|                    | Internal memory                | 2 GB           |
|                    | Internal memory type           | DDR3 PC3 10600 |
|                    | Memory clock speed             | 1333 MHz       |
|                    | Memory form factor             | 240PINS DIMM   |
|                    | Memory layout (modules x size) | 1 x 2 GB       |
|                    | Memory voltage                 | 1.5 V          |
|                    | Module configuration           | 128M x 8       |
|                    | Product colour                 | Green          |
| Other features     | Capacity                       | 2 GB           |
|                    | Chips organisation             | 128M*8         |
|                    | Number of pins                 | 240            |
| Vendor information | Brand Name                     | CoreParts      |
|                    | Warranty                       | 10 Year(s)     |
