# Highlights

## 2400 W to heat up quickly

Delivers a fast warm-up and powerful performance.

## Continuous steam up to 45g/min

Strong and consistent steam output to remove creases faster

## Vertical steam

The vertical steam function lets you refresh garments right on the hanger and remove creases from curtains as they hang. No ironing board required.

## SteamGlide soleplate

Our exclusive SteamGlide soleplate moves smoothly over any fabric. A durable, 5-layer coating – including anti-corrosive base – makes it last longer. Non-stick, scratch-resistant and easy to keep clean.

## Built-in calc-clean slider

This iron operates with ordinary tap water. Calc-clean is a built-in cleaning function to remove calcium buildup, or limescale, and maintain peak performance.

## Steam boost up to 180 g

Penetrates deeper into fabrics to easily remove stubborn creases.

## Quality-tested cord

All our steam iron cords are rigorously tested for maximum safety and durability.

## Automatic shut-off

The iron shuts itself off if you leave it standing still. On its heel rest, it will automatically switch off in 8 minutes. Lying flat, it shuts down after 30 seconds motionless.

## No more messy dripping

Our Drip Stop system lets you iron delicate fabrics at low temperatures with confidence. There's no need to worry about water droplets causing stains.
