DATASHEET / BROCHURE

Advanced 4-in-1 printer with duplex that produces outstanding glossy photos and documents and comes with a range of easy-to-use features

This top-of-the-range, compact 4-in-1 is ideal for busy households who want to print outstanding glossy photos and crisp, clear text. Wi-Fi connectivity and mobile printing offer great flexibility, while features such as duplex printing, Automatic Document Feeder, 10.9cm touch-screen and two paper trays help make this device quick and easy to use.

Best of both worlds

Create outstanding glossy photos and crisp, clear text documents with the new five-colour Claria Premium dye and pigment ink-set. Photographs will be crystal clear with vibrant colours and deep, rich blacks thanks to the addition of a Photo Black ink cartridge.

Mobile printing

Whether using a smartphone or tablet, the iPrint app¹ can be downloaded to a range of devices for truly wireless printing and scanning. The possibilities don't end there, with Epson Email Print¹, it is possible to print from anywhere in the world¹ by simply emailing documents and photos directly to the printer. For creative-minded people the Creative Print¹ app can access Facebook photos, create custom greeting cards and stationery, and even turn photos into colouring book templates. For added versatility, Wi-Fi Direct allows easy printing from compatible wireless devices without the need for a network connection.

Easy to use

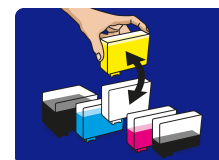

A 10.9cm interactive LCD touch-screen makes navigation and printing directly from memory card quick and simple. For even easier operation, a motorised control panel and output tray mean hassle-free printing.

Advanced control

Easily switch between photo and A4-sized prints with two front-loading paper trays. Print onto thicker media using the rear speciality media feed and enjoy fast and easy double-sided copying, scanning and faxing with the ADF. You can also directly print onto suitable CDs/DVDs.
