[Play all your movies and music](#)

- Enjoy your favorite Netflix content in HD and 4K!
- Watch YouTube videos directly on your big screen TV\*
- Easily enjoy local media from you home network

# PHILIPS

## Features

### Dolby Vision(Video)

Dolby Vision is a powerful cinema technology that now transforms your TV experience. It Brings entertainment to life dramatic imaging - brightness, color contrast, detail and dimensionality. And with the advanced capabilities in Dolby Vision, you'll see there's more to the story than generic HDR can reveal.

### 4K UltraHD Connected 4K BDP

With a 4K Ultra HD platform built from the ground up you can rest assured that your 4K Ultra HD Blu-ray player will work flawlessly with other 4K display devices for years to come. Featuring HDMI 2.0/2.0a with HDCP 2.2 and VP9 decoders, your 4K Ultra HD Blu-ray player is built to output glorious 4K HDR content to the latest 4K HDR TVs from 4K HDR Blu-ray discs, streaming media from Netflix and Youtube, and also playback local 4K content from USB and home network multimedia.

### High Dynamic Range 4K BDP

High Dynamic Range technology in Blu-ray Players when connected to a compatible 4K HDR television lets you experience more detail and captivating colors for an even more engaging television experience. More perceivable shades of blacks, whites and all other colors. This boils down to greater

perceived brightness and contrast with darker shadows creating a breathtaking image.

### Higher peak bitrate 4K BDP

4K Blu-ray format supports more than twice the peak bitrate of 2K Blu-ray which comes in especially handy when watching action movies which have fast paced scenes with a lot of detail. The 100 Mbps peak bitrate of 4K Blu-ray provides enough headroom to store the extra data required to encode high detail fast action scenes and avoid block artifacts.

### Wide Color Gamut (BT.2020)

Wide Color Gamut televisions with BT.2020 video input support, reproduce rich colors almost twice as saturated as a standard television, which look more vivid and life-like to enhance the TV viewing experience.

### HomeNetwork Multimedia Browser

With support for a vast number of formats such as H.264, AAC, MP3, JPEG, HEVC\*, VP9\* (\* on 4K TVs) and more, conveniently enjoying your personal media via Home Network Multimedia Browser has never been easier.
