

Philips PowerPro Expert
Bagless vacuum cleaner

1800 W

Allergy filter
2L
Remote control

FC9735/81

Picks-up and locks 99% of fine dust.*

Thanks to exceptional suction and Allergy Lock

The Philips PowerPro Expert is engineered for superior cleaning with powerful suction power. PowerCyclone 8 technology and our TriActive+ nozzle deliver top results on any floor.

Effortless cleaning

- Rotating Mini Turbo Brush for easy hair and fluff removal
- ErgoGrip handle for maneuverability and remote control
- Onboard accessories for always at hand accessories
- Soft brush integrated into handle for easy access

Superior performance

- PowerCyclone 8 technology separates dust from air
- TriActive+ nozzle for 3-way cleaning action

Allergy friendly

- Allergy Lock traps dust inside
- Easily emptied with one hand to control dust
- Allergy filter for 99,95% filtration

PHILIPS

Highlights

Mini Turbo Brush

The Mini Turbo Brush quickly removes (animal) hairs, fluff, and dust from couches, cushions, and other fabrics. This brush is ideal for pet owners.

Allergy Lock

Our Allergy Lock system uses a sensor to ensure the dust container is fully sealed and leak-proof before operating.

Simple and tidy to empty

The dust container detaches with one hand and controls dust with its unique shape and smooth surface.

ErgoGrip remote control

ErgoGrip handle allows easy maneuverability in tight spaces. Built-in remote control buttons let you control power and adjust settings comfortably — without bending, squatting or interrupting your cleaning.

Powerful cyclonic action

Exclusive PowerCyclone 8 technology quickly accelerates air in the cyclonic chamber to separate out dust. The powerful swirling action maximizes airflow and performance for remarkable cleaning results.

3-way cleaning action

Our exclusive TriActive+ nozzle gently opens carpet pile for a deeper clean. Air channels at the front let large crumbs in and brushes at the

sides clean closely along your furniture and walls.

Allergy Filter

Our clean-air filter system creates a perfect seal and captures 99.9% of fine dust — including pollen, pet hair and dust mites — for allergy sufferers and anyone demanding a higher level of hygiene.

Specifications

Performance

- Airflow (max): 41 l/s
- Input power (IEC): 1800 W
- Input power (max): 2100 W
- Sound power level: <79 dB
- Suction power (max): 420 W

Usability

- Action radius: 10 m
- Carrying handle: Top and front
- Cord length: 7 m
- Tube type: Metal 2-piece telescopic tube
- Wheel type: Rubber
- Tube coupling: ActiveLock
- Power control: Electronic on appliance

Design

- Color: Twist Red

Filtration

- Dust capacity: 2 L

- Exhaust filter: Allergy filter
- Motor filter: Lifetime washable filter

Nozzles and accessories

- Accessory storage: On board
- Additional nozzle: Mini turbo brush
- Extra accessories: ErgoGrip remote control
- Standard nozzle: TriActive+ nozzle
- Accessories included: Crevice tool, Integrated brush, Small nozzle

Sustainability

- Packaging: > 90% recycled materials
- Stand-by power consumption: < 0,5 W
- User manual: 100% recycled paper

Weight and dimensions

- Dimensions of product (LxWxH):
505x292x292 mm
- Weight of product: 5.5 kg
