# Highlights

## TriActive nozzle

The TriActive nozzle applies 3 cleaning actions in one go: 1) It gently opens the carpet with its specially designed soleplate to remove the dust deep down. 2) It sucks up big bits with its larger opening at the front. 3) It picks up the dust and dirt closely alongside furniture and walls with its left and right side air channels.

## Simple and tidy to empty

The dust container detaches with one hand and controls dust with its unique shape and smooth surface.

## ErgoGrip remote control

ErgoGrip handle allows easy maneuverability in tight spaces. Built-in remote control buttons

let you control power and adjust settings comfortably — without bending, squatting or interrupting your cleaning.

## Powerful cyclonic action

Exclusive PowerCyclone 8 technology quickly accelerates air in the cyclonic chamber to separate out dust. The powerful swirling action maximizes airflow and performance for remarkable cleaning results.

## Allergy Filter

Our clean-air filter system creates a perfect seal and captures 99.9% of fine dust – including pollen, pet hair and dust mites – for allergy sufferers and anyone demanding a higher level of hygiene.

## Allergy Lock

This appliance is perfectly sealed to filter more than 99.9% of all dust and allergens

## Onboard accessories
