Bright LED lighting with excellent light quality

Create a cool, energizing ambiance

Philips LED light lamps provide a cool white light, an exceptionally long life, and immediate, significant energy savings. With a pure and elegant design, this PAR lamp is the perfect replacement for your matted traditional PAR lamp.

Benefits

Choose for high quality light

- Natural day light

Light beyond illumination

- A simple LED for everyday use

Choose a simple replacement for your old bulbs

- Similar shape and size as standard incandescent bulb
- Instant light when switched on

Choose for a sustainable solution

- Better for your wallet and your planet

PHILIPS

LED

Features

Natural day light

This bulb has a color temperature of 5000K, creating a lighting effect that is very close to that of natural daylight. Natural daylight helps with focus and making details easier to see.

A simple LED for everyday use

The Philips everyday LED is the perfect bulb for your basic lighting needs. It provides the beautiful light and dependable performance you expect from LED at an affordable price.

Replaces standard incandescent

With its beautiful design and familiar shape, this energy-saving LED bulb is the perfect sustainable replacement for traditional incandescent bulbs.

Instant On

No need to wait: Philips LED light bulbs provide their full level of brightness immediately when they are switched on. Just by flipping the switch, your room is at full brightness. There is no slow starting or waiting.

Saves up to 80% energy

LED technology saves up to 80% energy compared to your standard bulb. It therefore pays for itself and saves you money year after year. It also helps protect the environment.
