ICY BOX **IB-HUB1402** 4 Port USB 3.0 Hub

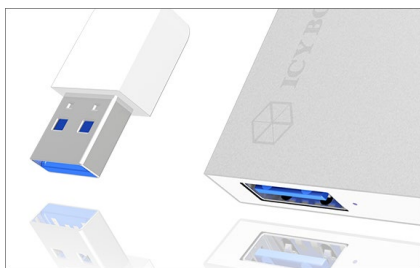

No more USB 3.0 slots?

Often the less expensive motherboards only have a few USB 3.0 interfaces. This compact hub quickly helps. It uses a single USB 3.0 port on your PC or laptop and extends it to four additional ports. Problem solved!

Data racer

The USB 3.0 interface can reach data transfer rates of up to 5 Gbit/s so you can transfer your data comfortably from A to B.

Beautiful appearance is not everything...

...but it helps. Therefore, our hub is made of aluminum. It's lightweight and the hub also has a very small size. And the integrated USB 3.0 cable lets you connect the hub wherever you take it.
