USB VGA and DVI Dual Port External Video Adapter

Product ID: USB2VGADVI

The USB2VGADVI USB to VGA/DVI-I adapter turns a USB 2.0 port into both a DVI-I and VGA video output port. Similar to our existing USB video adapters, the USB2VGADVI offers a convenient and cost-effective solution for adding multiple monitors to your computer without having to open the computer case for typical video card installation.

The video output ports on the USB to DVI/VGA adapter can be used simultaneously to extend your desktop or clone an image on two displays - essentially turning a USB connection into a dual head external video card.

The adapter features one DVI-I (out) port, one VGA (out) port, and two built-on USB ports that can be used as a USB hub, not only delivering simple external video but also allowing more USB peripherals to be installed on the host computer.

Applications

- Add multiple monitors / projectors to your computer without the hassle of upgrading to a new video card
- In the office: View large or multiple spreadsheets across two screens

Features

- Offers a VGA and DVI-I (analog or digital) port for a dual monitor solution right out of the box.
- Supports resolutions up to 1680x1050 in 32bits.
- Works as a dual display hub and a 2 port USB hub.
- Works with laptops and desktop computers.
- Easy to use drivers and software enabling dual display applications

Hardware	Warranty	2 Years
	AV Input	USB 2.0
	AV Output	DVI
		VGA
	Chipset ID	Trigger - Trigger 1+
	Memory	32MB
	USB Pass-Through	No
Performance	Supported Resolutions	1600x1200, 1680x1050, 1440x900, 1400x1050, 1360x768, 1280x1024, 1280x960, 1280x768, 1280x720, 1152x864, 1024x768 @ 16/32 bit
Connector(s)	Connector A	1 - USB Type-A (4 pin) USB 2.0 Male
	Connector B	1 - DVI-I (29 pin) Female
		1 - VGA (15 pin, High Density D-Sub) Female
		2 - USB Type-A (4 pin) USB 2.0 Female
Software	OS Compatibility	Windows 8/8.1 (32/64) Windows 7(32/64) Windows Vista (32/64) Windows XP (32/64) Drivers are WHQL certified
Special Notes / Requirements	Note	This USB video adapter uses a Trigger family chipset. If you're connecting this device to a computer along with additional USB video adapters or docking stations, avoid using devices with different family chipsets, such as DisplayLink® or Fresco Logic®
		Connect a maximum of five USB video adapters on a single computer. Support for multiple adapters will vary depending upon your system resources
		This USB video adapter is not intended for graphical intensive applications, such as gaming
	System and Cable Requirements	System Processor: 1.2GHz System Memory: 512MB
Indicators	LED Indicators	1 - Power (Green)
Power	Center Tip Polarity	Positive
	Input Voltage	110V-240V AC
	Output Voltage	5 DC
	Plug Type	M
	Power Source	AC Adapter Included

Environmental	Operating Temperature	0-70 degrees C
	Storage Temperature	15-30 degrees C
Physical Characteristics	Color	Black
	Product Height	0.7 in [18 mm]
	Product Length	3.4 in [86 mm]
	Product Weight	6.1 oz [172 g]
	Product Width	5.3 in [135 mm]
Packaging Information	Shipping (Package) Weight	1.5 lb [0.7 kg]
What's in the Box	Included in Package	1 - USB to VGA and DVI Adapter
		1 - 3ft Mini USB to USB Cable
		1 - Universal Power Adapter (US/UK/EU)
		1 - Driver CD
		1 - Instruction Manual
