- EAN: 69 25970 71495 2
- Gross weight: 0.116 kg
- Nett weight: 0.049 kg
- Number of products included: 1
- Packaging type: Carton
- Tare weight: 0.067 kg
- Type of shelf placement: Both

# Highlights

## Super soft rubber caps

The ultra soft rubber material on the rubber caps are sensational to the touch and adapts effortlessly to your ear. In-ear headphones have never been this comfortable.

## For most directional sound

Angled Acoustic Pipe is designed according to the curvature of the human ear canal so that soundwaves from the speaker are directed precisely to your ear drum with the highest definition

## For long-lasting comfort

The ear caps are made of extra soft silicon material which is sensational to the touch and fits effortlessly into your ear. They feel so good that you simply don't want to take them off.

## For a snug and natural fit

Angled Acoustic Pipe is ergonomically designed according to the anatomy of the human ear canal. It fits in the ear so snugly and comfortably that you can put it on and simply forget about it.

## For best sound at low volume

You don't have to turn up the volume in noisy places anymore. Angled Acoustic Pipe and the perfectly sealing earbuds cut off background noise significantly, delivering the same quality sound at lower volume and a longer battery life.

## Neatly stores headphones away

This sumptuous little zip pouch not only looks hip, but also stores your headphones and cable neatly when they're not in use.

## For deepest and richest bass

Turbo Bass air vents allow air movement for high-fidelity reproduction of the deepest and richest bass.

## High resolution audio

High Resolution Audio offers the best in audio performance, reproducing original studio master recordings more faithfully than 16bit/44.1kHz CD formats. This uncompromising quality makes High Resolution Audio the best sound companion for the music lover. Fidelio headphones meet the stringent standards required for the Hi-Res Audio stamp of quality. Whether enjoying your Hi-Res collection or a more traditional music source, the smooth extended high frequencies of the Fidelio headphone range help you get more from your music.
