- Recharge your devices multiple times on the go
- Works with USB-based devices

Top Performance

- 5V/2.4A fast charging

Smart protection

- Battery protection and short circuit protection

Smart design

- Power-indicator light to confirm status at a glance

PHILIPS

Features

Works anywhere

Even if you're not near a wall or car charger, you can recharge your device's battery with the convenient battery pack. The intelligent battery pack supplies power first, so you can remove the pack after use and still have a full battery on your device.

Micro-USB cable included

The included micro-USB to USB 2.0 cable is for use with mobile phones, digital cameras and other portable devices with a micro-USB connection. Carry it with you, keep it at your desk, or replace a cable you've lost so you're always able to connect and charge when you need to.

Recharge multiple times

This portable power source gives you the extra power for more than two full recharges on the go. Take it with you when you travel to have back-up power when you need it.

Works with USB-based devices

The universal unit has a USB connection for use with your USB-based device via the device's USB cable which you already own or can purchase separately.

Smart protection

Battery protection and short circuit protection

5V/2.4A fast charging

Power-indicator light

The power LED light appears with the push of a button to let you know the power status of your battery pack at a glance.
