SMART PRINTING.
BUSINESS INNOVATION.

GO BEYOND YOUR WORK CAPABILITIES WITH SMART PRINT INNOVATION

Overview

To keep up with the fast-paced business world, businesses today are embracing bring-your-own-device (BYOD) policies. This is leading to more efficient, seamless operations and highly productive, always-on employees using smart intuitive technology in the form of smartphones and cloud computing.

Businesses now want to extend that smart technology to all devices to gain the same level of intuitiveness and flexibility. A printer is no exception. From scanning to printing, printers are expected to have the same smart functionalities as cutting edge mobile devices. Businesses seek smart printing solutions that can be easily managed while still delivering powerful performance at reduced costs.

SMART MultiXpress M5370 series provides smart usability that allows users to work faster and more efficiently using intuitive, easy-to-use controls. And with high-performance and optimized features, these printers can meet the demands of small work groups to large departments that depend on document handling efficiency, while minimizing total cost of ownership (TCO).

WORK SMARTER WITH AN INTUITIVE SMART UX CENTER

Touch to print, just like on a tablet

Innovation and usability come standard with the M5370. Powered by the Samsung Smart UX Center, the industry first open UX system powered by Android™, M5370 offers intuitive, extendible performance and compatibility with various Android apps and devices.

Enjoy preloaded applications and widgets

It's all about convenience and flow. Drag and configure widgets on your home screen for one-tap access to frequently used functions. And enjoy instant access right out of the box to preloaded applications such as Copy, Scan/Send, Box, Job Status and others.

Do more with productivity-boosting features

Easily set up printers by downloading essential apps from the Printing App Center. Productivity tools include Remote Fax, Dynamic Workflow with Smart Scan, with more to be added. http://printingapps.samsung.com

Awarded for Smart UX Center's Unique and Innovative Possibilities

PROCESS PRINTS AND SCANS AT SUPER-FAST SPEED WITHOUT SACRIFICING QUALITY

Faster scanning and fuss-free printing

The SMART MultiXpress M5370LX is equipped with Dual-Scan ADF technology that delivers faster scanning speed of up to 80 dual-sided image per minute (ipm) and a 1 GHz dual-core CPU that powers printing at 53 pages per minute (ppm). With high-performance speed printing, businesses can work smoothly and operate more efficiently.

High-speed dual scan
Up to 80 ipm

1GHz Dual-Core CPU
Up to 53 ppm

Stand out with sharp, high-quality print output

Samsung's unique Rendering Engine for Clean Page (ReCP) technology delivers sharper text and cleaner images. A superior resolution of 1,200 x 1,200 effective dpi ensures that everything you do will stand out.

MANAGE OPERATIONAL EXPENSES THROUGH COST-EFFICIENT ATTRIBUTES

Save resources with low TCO printing

Reduce labor costs for heavy printing with ultra-high-yield toner cartridges and drums. Toners that yield 30,000 standard B&W pages and drums that yield 100,000 will lower your TCO and reduce waste.

Toner Cartridge
(Max 30,000 pages)
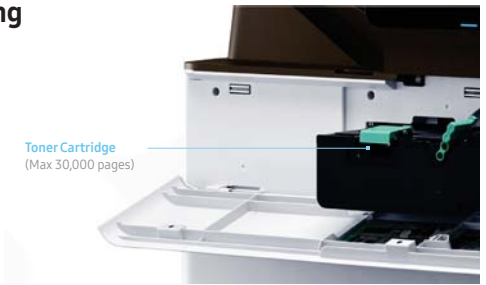

Create the printing environment that suits your needs with partner solutions

Numerous certified partner solutions are available through the Samsung XOA platform for further customization.

Samsung Wireless & NFC printing option available

With Samsung Wireless & NFC printing, you can simply tap your smart device to access various mobile printing solutions including user authentication, secure printing, easy wireless setup and device cloning.
