

Magnetic Car Air-Vent Phone Mount

Adjustable Clip-on, Quick Attach and Release, Non-Skid Pad, Black

Part No.: **461504**

Take advantage of convenience and security while driving.

The Manhattan Magnetic Car Air-Vent Phone Mount can be used with all phones and other devices for convenient, secure device mounting. The magnetic base mounts directly to the vehicle's air vent. Included magnetic pads allow the device to be attached in portrait and landscape positions. The adjustable, locking ball-joint allows the base to be configured in multiple viewing angles, and with a built-in non-skid pad, your device remains secure from road vibrations and unexpected bumps.

Features:

- Universal Phone Mount for use with all phone brands
- Magnetic and cradle-free design allows for quick attachment and release; accommodates horizontal and vertical viewing positions
- Non-skid magnetic pad to withstand high temperatures and vehicle vibrations, securing the device when vehicle is still or in motion
- Two optional clip sizes securely mount to any vent type; ball joint provides flexibility for the perfect viewing angle
- Two metal pads with double-sided tape allow for mounting directly to phone housing or protective case
- Lifetime Warranty
