HP DesignJet T1700 Printer series

Securely, efficiently, and accurately produce quality CAD and GIS applications up to 44-in (1118 mm)

SECURE - Protect your work and your information

- Protect printers/data from unauthorised access with HP Secure Boot, whitelisting, encrypted hard
- Protect documents, preserve confidentiality with authentication solutions like PIN printing, card readers.
- Secure your printers with HP JetAdvantage Security Manager; manage your fleet remotely with HP Web Jetadmin.
- Control and optimise printing costs with accounting solutions - or with your reseller through HP Partner Link.

EFFICIENT - No more PC freezing up

- Adobe PDF drivers² free up your computer immediately after sending to print – even for the most complex files.
- No interruptions dual-roll options reduce roll changes; two rolls double capacity, help switch paper types.
- Handle complex files powerful processing architecture⁴, 128 GB memory⁵, 500 GB HDD at 116 A1/D pgs/hr.
- Easily print project sets and PDF documents with HP Click printing software.

ACCURATE - Make better decisions with precise colours

- Get bright colour and bold image quality even on plain papers – with HP Bright Office Inks.
- Reproduce transparencies, layers, colour palettes, and gradients with embedded Adobe PDF Print Engine.²
- Tuned profiles reproduce distinct shades of colour; colour/gray/photo black inks make soft colours, dark tones.
- Accurately display data high-density printheads provide 2400 nozzles per inch, enabling 0.1% line accuracy.6

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: http://www.hp.com/learn/ds

Card reader functionality enabled through optional third-party solutions.

² Requires purchase of HP Design let T1700 PostScript® models or optional HP DesignJet PostScript/PDF Upgrade Kit. The Adobe PDF Print Engine (APPE) is Adobe's high speed, high fidelity print platform. Version 4 extends APPE's leading edge for print reproduction with new performance efficiencies and breakthrough rendering features. APPE 4 enables printers to increase workflow efficiency and capitalize on the profit potential of

innovations in inkjet print technology. To learn more, visit https://www.adobe.com/products/pdfprintengine.html ³ Dual-roll printing is available on the HP DesignJet T1700dr 44-in Printer and HP DesignJet T1700dr 44-in PostScript® Printers

⁴ Refers exclusively to file processing capabilities for complex files, and does not refer to print speed.
⁵ Based on 4 GB DDR3 RAM.
