

PHILIPS

Beardtrimmer series
3000

Beard trimmer

0.5mm precision settings

Full metal blades

90 min cordless use/1h charge

Lift & Trim system

BT3237/14

3-day beard made easy

Lift & Trim system for 30% fewer passes

This trimmer with the innovative Lift & Trim system lifts and captures more low-lying hairs for efficient, even trimming results. This way you will easily achieve the 3-day stubble, short beard or long beard look you want.

Easy even trimming

- Lift & Trim comb guides hairs to the blades for an even trim
- Blades are double sharpened for faster trimming
- Skin-friendly blades for smooth skin

Easy to use

- 40 lock-in length settings, 0.5 - 20mm with 0.5mm precision
- Long beard comb for an even trim in longer lengths
- 90 minutes of cordless use or plug it in
- Lights indicate when battery is low, empty, full or charging
- Detachable head for easy cleaning
- Ergonomic design for easier handling
- Travel and storage pouch

Built to last

- 2 year guarantee, worldwide voltage, no oil needed

Highlights

Lift & Trim system

Trim your stubble beard with our new Lift & Trim system: the comb lifts and guides the hairs to the level of the blades for an even trim.

Full metal blades

This trimmer comes with twice-sharpened full metal blades that cut more hairs in every pass for faster trimming.

Skin-friendly blades

Blades have rounded tips for smooth contact with skin to prevent scratching and irritation.

Zoomwheel - 40 length settings

The zoomwheel lets you choose from 0.5 to 10mm length settings with the precision comb, and from 10.5 to 20mm with the long beard comb, both with 0.5mm precision steps.

Long beard comb

The long beard comb allows you to maintain a long beard from 10.5 to 20mm, so that you don't need to trim to short lengths.

90 min corded/cordless use

Charge your trimmer for 1 hour to get 90 minutes of cordless use or use it plugged in while charging.

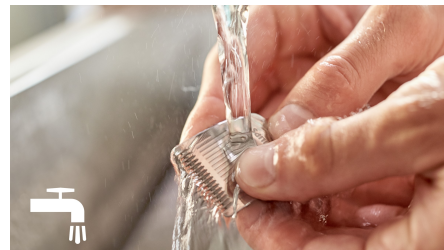

Battery indicators

The battery indicators in this trimmer let you know what your battery status is: Low, empty, charging or full. This way, you can charge

your trimmer on time and fully, so you won't end up with an empty battery in the middle of your trim.

Easy to clean

Detach the head and rinse it under the tap for easy cleaning. Dry it before you put it back on the appliance.

Ergonomic design

Easy to hold and use. Designed to help you trim those hard-to-reach areas.

Built to last

We back this Philips trimmer with a 2-year guarantee: our grooming products are built to last. You'll never need to oil it, and it's compatible with all worldwide voltages.
