------------------------	--

Succeed with flying colours

The Thura GXT 860 gaming keyboard will complete your gaming set-up with vivid colours. It features 9 rainbow colour modes to light up your play. The LED lights are adjustable in brightness which makes this keyboard also perfect for gaming in darker times: you will draw your enemies into your web with the alluring rainbow wave illumination.

Professional action

This semi-mechanical LED keyboard gives you a similar experience as if you're gaming with a mechanical keyboard combined with the soft and light touch of a membrane keyboard. Profit from both worlds and game with the Thura like the eSports professionals.

Initiate game mode

The GXT 860 features anti-ghosting technology to ensure you can game fast and accurately. You will remain in control even when you press up to 16 keys simultaneously. Turn on your game mode and disable the Windows key. This special game mode switch prevents you from returning to your desktop accidentally when hitting this key.

Comfortable victories

With the Thura, you cannot only game at perfect speed, you'll always be comfortable. The detachable wrist rest provides firm support during those long gaming sessions. The look of the real metal crafted top plate combined with the anti-slip rubber feet prepares you for perfect victories!
