

FOR PORTRAIT & LANDSCAPE MOUNTING

BT8321

SYSTEM X™ PORTRAIT SIGNAGE MOUNT

Designed to mount screens in a portrait orientation, the BT8321 is part of the dynamic System X Range and therefore features a contemporary, lightweight yet incredibly strong design with a high-end aesthetic quality, mounting the screen close to the wall whilst leaving enough space for easy access to screen inputs and cabling. Also suitable for mounting screens in landscape style, height adjustment screws allow mounted screens to be levelled perfectly after installation and safety screws feature as standard to help prevent unauthorised screen removal.

SPECIFICATION

Recommended screen size	40" - 65"
Max load	70kg
VESA® compatibility	200 x 200 to 600 x 400
Distance from wall (with included adapter arms)	54mm*
Colour (horizontal rail)	Black or Silver
Colour (VESA arms)	Black

*Please note the total dimension includes the interface adaptor arms. If only using up to VESA 400 x 400 the depth can be reduced by 6mm by removing the adaptor arms.

FEATURES

- Can also be fitted in landscape orientation
- Arms feature levelling screws to adjust the screen height
- Pole mounted version for ceiling and floor mounting is available on request
- Safety screws help prevent unauthorised removal of screens
- High-end aesthetic quality for a neat and tidy install
- Includes interface adaptor arms as standard for VESA 600 x 400 fixings
- All mounting hardware included
