

MPN: SCSEHH2

D-SUB 9-pin data transfer cable, 2m

The MicroConnect SCSEHH2 is a high-quality 2-meter D-SUB/RS-232 serial cable, meticulously engineered to provide a reliable and robust connection between devices utilizing the DB9 interface. This cable is perfect for connecting computers to various peripherals such as modems, printers, and industrial equipment that rely on the RS-232 communication standard. Built with premium materials and adhering to strict European quality standards, this cable ensures optimal data transfer and minimizes signal loss. Benefit from MicroConnect's 20+ years of experience in connectivity solutions and enjoy a seamless connection with this durable and dependable serial cable, offering premium quality at a fair price. This serial cable is ideal for professional and home use.

- Serial : 1:1
