Highlights

1800 Joules

Prevent thousands of pounds of damage to your electronic devices.

Protected coax connections

Connectors route the coaxial signal through the surge protector to protect against surges and spikes.

Power Blocker

Automatically shuts down power to the connected devices.

€150,000 equipment warranty

Protects your connected equipment for the life of the product.

4 outlets with protection

Protects against surges/spikes through the AC lines by suppressing surge energy. The excess energy is clamped by the MOV when the unit is subjected to a surge event.

2 m power cord

Provides power to the unit, which can be 2 m from the AC outlet.

Cord Management

A cord management device that allows the cable/cords to be routed in the same direction for a more organised appearance

automatic child safety sockets

Helps keep children safe from accidental shock.

Protection indicators

LED lights let you know if your surge protector is functioning properly.
