Highlights

A simple LED for everyday use

The Philips everyday LED is the perfect bulb for your basic lighting needs. It provides the beautiful light and dependable performance you expect from LED at an affordable price.

Energy efficient

All Philips energy savers save energy from the moment you turn the switch. During their lifetime they use fewer kW and thus also result in a lower energy bill. The level of energy saving differs per lamp type and technology.

Provides a comfortable light

When lighted, this bulb produces light all-around, similar to an incandescent bulb. It creates a comfortable atmosphere by providing a soft white light that will not fade fabrics or furnishings. Aside from its soft, white light it also provides a wide beam of light, perfect for general room lighting.
