# Highlights

## Stylishly compact

Make a bold statement and express yourself with your Philips mobile phone that comes with a trendy design and sleek finish. Be a trend-setter, not a follower!

## Play FM radio out loud

The inbuilt antenna and speaker function on your Philips mobile phone means that you do not always have to plug in your earphones when you want to listen to the radio. Now you can enjoy your favorite radio stations out loud or in your ears, depending on your mood or circumstance.

## Built-in flashlight

Why grope around in the dark for your keys or the light switch? Just rely on the handy built-in flashlight in your mobile phone to shed light on any situation.

## 2.4" QVGA display

Bright display 2.4 inches QVGA, resolution 240x320 pixels.

## Dual-SIM

The phone supports the use of two SIM cards. This is a useful option that allows you to choose the most convenient rates and save on mobile communication.

## Dedicated flashlight button

If you do not like being left in the dark, the flashlight button feature on your mobile phone is perfect for you. Your Philips phone is transformed into a handy compact flashlight even when the phone is turned off, just by toggling the dedicated switch. Keep it right by your side at all times, and you'll never have to grope your way around in the dark again.
