# i-tec USB Power Charger 2 Port 2.4A White

i-tec USB Power Charger 2 Port 2.4A
White

## PRODUCT DESCRIPTION

Network-based USB charger for mobile phones, tablets, GPS navigations, powerbanks, music players, cameras and other types of digital equipment. 2 USB ports DC 5V / max. 2.4A are designed for fast and efficient charging of mobile equipment requiring high charging current. Further, they include special identification circuits for the iPad/iPhone and Samsung phones and tablets. The AC 100-240 V input enables global use. Safety is ensured by over-current protection and by constant charging current. This USB charger can be used in homes, in business centers and also in offices.

**In case of problems with the installation, technical difficulties or incorrect function of the equipment, check first for the possible solution in the FAQ tab.**

## PRODUCT FEATURES

- Input: AC l l 0-240V / 0.5A
- Output: 2x A-type USB DC 5V / max. 2.4A
- Off-load: < 0.5W
- Efficiency: 82%
- Operation temperature: 0-45 'C
- Compatible charging devices - devices which need 5V / max. 2.4A
- Product dimensions: 86 x 42 x 23 mm
- Product weight: 43 g
- Package Dimensions: 131 x 101 x 26 mm
- Package Weight: 85 g

### PACKAGE CONTENTS

- i-tec USB Power Charger 2 Port
- Quick Start
