

Plays music. Prints memories.

Smartphone-ready printer with built-in Bluetooth® speakers

HP AMP

Plays music. Prints memories.

Stream music, print photos, and scan on the go—all from your smartphone.¹ With built-in Bluetooth® speakers, Smart Amp technology, and the HP Smart app, you'll have everything you need to seamlessly play music and control your printer from your smartphone.² Even take phone calls on the printer.

Bring music to your ears

Stream music and take calls on the built-in, high-quality Bluetooth® speaker system

The power of a printer in the palm of your hand

Print, scan, and manage wirelessly from your mobile device with the HP Smart app¹

Listen. Talk. Charge.

Charge your phone easily via the convenient device charging port

Bring music to your ears

Stream music from your smartphone. With built-in Bluetooth® speakers and Smart Amp technology, it's easy to play your favorite music directly from your printer.²

Play music on your printer

Connect easily with Bluetooth® and stream audio from all of your favorite music apps—from your smartphone directly to your printer.

Amazing audio, crystal clear

Get great sound quality with impressive clarity and bass using built-in speakers with Smart Amp technology.²

The power of your printer in the palm of your hand

Get the app that's designed to completely control your printer.

With the HP Smart app, you can print photos from social media, scan on the go, order ink easily, and set up in a snap.²

Printing photos just got easier

Access photos quickly on your smartphone—from social media, the cloud, or your camera-roll gallery—and print them easily.¹

Amazing scanning, now on your smartphone

Scan documents and images using your smartphone camera, and share them to email or the cloud—from virtually anywhere.¹

Ordering ink has never been simpler

Order ink directly through the app, or let your printer do the work with HP Instant Ink.¹

Simple Wi-Fi setup in minutes

Get connected and start printing fast with seamless Wi-Fi setup from your smartphone.¹

Listen. Talk. Charge.

Count on built-in innovation with a printer that enables you to take phone calls directly on the printer—even charge your smartphone.

Talk on the phone using your printer

Accept phone calls from the control panel when you pair the built-in microphone to your smartphone.

Easily charge your phone

Keep your phone charged using the built-in device charging port, and make the most of any space with an ultra-compact design.
