- Ergonomic handle for more comfort and control
- Quick release blades for easy cleaning

Built to last

- Zero maintenance, no oil needed
- 2-yr guarantee plus 3 extra years when you register online

Highlights

Trim-n-Flow technology

Our new, innovative comb is designed to prevent hair from getting stuck in the clipper. So you can continue cutting your hair, from start to finish, without interruption.

DualCut Technology

Power through any type of hair with our advanced DualCut technology: an innovative two-sided cutting element that cuts hair twice as fast as one-sided blades.

Stainless steel blades

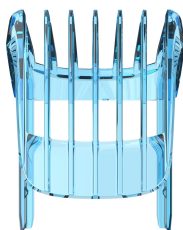

Self-sharpening stainless steel blades are incredibly long-lasting. Even after 5 years, they cut just like they did on day one.

13 lock-in length settings

Simply select and lock in the length you want. The adjustable comb has 12 lock-in length settings from 1mm to 23mm, with precisely 2mm between each length. Remove the comb entirely for a close 0.5mm trim.

Kids comb

The kid-friendly comb, with rounded tips and short teeth is especially suitable for the youngest members of your family. It glides smoothly over the skin without scratching, to give a safe and pleasant haircut every time. Simply select and lock in the length you want by using the adjustable comb which provides 12 length settings from 1 to 23mm, with precisely 2mm between each length. Or you can use it without the comb for a close 0.5mm trim.

Cordless & corded use

The hairclipper's powerful NiMH battery provides up to 75 minutes of cordless power after 8 hour of charging. Giving you maximum power and freedom.

Comfortable grip

The HAIRCLIPPER Series 3000 is designed to be comfortable to use, convenient to handle and easy to operate. The special texture and grip allow you to easily move the clipper and cut all around your head.

Easy to clean

Simply click to release the detachable head to quickly release and clean the blades.

Zero maintenance

No oil needed, for easy maintenance and to save you time.

5-year worldwide warranty

All of our grooming products are built to last. They come with a worldwide guarantee and worldwide voltage compatibility. Simply register your clipper on www.philips.com/5years to receive an additional 3 years on top of your standard 2-year Philips guarantee, giving you a 5-year worldwide warranty in total.
