Up to 100% whiter teeth in just one week*

Advanced cleaning for stain removal and whiter teeth

The W2 Optimal White brush head is perfect for those who want to go beyond deep cleaning to remove surface stains for a white, radiant smile. This brush head is also great for maintaining brightness between professional whitening treatments. All brush heads are interchangeable with all our toothbrushes.

Innovative technology

- Automatically selects optimal mode for ultimate results**
- Philips Sonicare's advanced sonic technology

Designed to optimise performance

- Tested to meet your oral health needs
- Click-on design for simple brush head placement
- Always know when to replace. Always get an effective clean.

For exceptionally whiter teeth

- Diamond-shaped bristles give you 100% whiter teeth in 1 week

For exceptional care of teeth and gums

- Up to 7x more plaque removal than a manual toothbrush

Highlights

Say goodbye to plaque

Densely-packed, high-quality bristles remove up to 7x more plaque than a manual toothbrush.

Whiter teeth, fast

The DiamondClean's stain-removal pad, made from densely-packed diamond-shaped bristles, removes surface stains caused by food and drink. You'll notice a whiter smile, up to 100%*, in just 7 days.

BrushSync™ mode-pairing

You'll always get the best possible clean with our BrushSync™ mode-pairing feature**. The Philips Sonicare W2 Optimal White brush head

syncs with your BrushSync™ enabled Philips Sonicare toothbrush handle**, selecting the optimal brushing mode and intensity level for exceptional gum care. All you need to do is start brushing.

Brush head replacements

Brush heads become less effective after 3 months' use, but with BrushSync™ you'll be reminded before this happens. Your smart toothbrush will track how often and how hard you brush and will notify you when it's time for a replacement. Don't have a smart Philips Sonicare toothbrush? Just monitor your blue replacement bristles — when they turn white you'll know it's time for a fresh brush head.

Brushing with peace of mind

All Philips Sonicare brush heads are safe and gentle on teeth and gums. During tests, each brush head is put through its paces to ensure durability and an exceptional performance every time you brush.

Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between your teeth, and its brush strokes break plaque up and sweep it away for an exceptional daily clean.

Easy to click on

Your DiamondClean brush head fits perfectly with any Philips Sonicare toothbrush handle, except Philips One and Essence. Simply click on and off for easy replacement and cleaning.
