June 2018

Protect your agency with industry-leading security.

HP PCs have security built-in.

Get protection at every level for your agency. Choose HP PCs to help protect your data, devices, and identity. Features such as biometric security and SmartCards work to keep threats at bay.

Choose HP for your agency's first line of defense—now at lower prices on your CCS/QEB 2018B contract.

HP Pro Family

Get customized protection.

Confidently deploy the 12" diagonal HP Pro x2 612 G2, which strikes the right balance of mobility, durability, and security in a device that is designed to last.

HP Client Security[12] suite helps you quickly and easily encrypt your hard drive, permanently delete unwanted or discarded data[13], restrict unauthorized access, and more, while HP BIOSphere boosts security and keeps mission-critical data and systems under lock and key with customizable authentication and BIOS-level passwords.[14]
