

An evolution of Epson dye-sublimation technology that allows you to produce colourful textiles more quickly and at an even higher quality.

The SureColor SC-F9300 64-inch dye sublimation textile printer is designed for fast, high-volume clothing, textiles and soft signage production, as well as other printed merchandise. This new flagship model offers an evolution of trusted Epson print technology that provides even better quality and reliability.

Improved print quality

The SC-F9300 offers brand new Precision Dot technology for dye sublimation including a halftone module, look-up tables and micro-weave, delivering an instantly noticeable difference to print quality, while straightforward setup means quality results right out of the box.

A fast, complete solution

Now offering print speeds of up to 108.6m²/h, the SC-F9300 provides a complete Epson solution, comprising printer, inks, sublimation papers and software, that maximises uptime, with improved take-up and other reliability features to minimise common problems such as cockling and head strike.

Any colour you like

The SC-F9300 uses dedicated UltraChrome DS inks which, combined with a wide CMYK input profile, ensure the maximum possible colour gamut, for accurate reproduction of even the most complex and colourful designs.

Safe to wear

The SureColor SC-F9300 comes with Oeko-Tex Eco Passport certification¹ and has passed Japan's AZO test for household products, meaning that clothing and textiles produced on the printer using UltraChrome DS inks are completely safe to wear for adults and children, including babies.

KEY FEATURES

- **Versatile 64-inch dye sub printer**
Create quality textiles and signage, quickly and efficiently
- **UltraChrome DS inks**
For bright, colourful, durable prints
- **Faster printing**
Print speeds of up to 108.6m²/h
- **A complete solution**
Printer, inks, paper and software designed to work together perfectly
- **Improved reliability**
Minimise head strike and cockling to maximise uptime

PRODUCT SPECIFICATIONS

TECHNOLOGY

Ink Technology	UltraChrome® DS
Printing Method	PrecisionCore™ TFP print head

PRINT

Colours	Cyan, Yellow, Magenta, High Density Black
Nozzle Configuration	720 Nozzles black, 720 Nozzles per colour
Ink tank capacity	1.500 ml
Minimum Droplet Size	4 pl, With Variable-Sized Droplet Technology

PAPER / MEDIA HANDLING

Print Margins Roll Media	Mode 1: 5 mm (right), 5 mm (left)
Compatible Paper Thickness	0,4 mm - 1 mm
Compatible Paper Weight	g/m² or heavier
Paper Formats	A0, A1, A2, 64 " (162.6 cm), 44 " (111.8 cm), 36 " (91.4 cm), 24 " (61.0 cm)

GENERAL

Energy Use	570 W, 1 W (Power off)
Supply Voltage	AC 100 V - 220 V
Product dimensions	2.620 x 934 x 1.332 mm (Width x Depth x Height)
Product weight	290 kg

OTHER FEATURES

Memory	Printer: 512 MB, Network: 128 kB
Maintenance system	Automatic wet fabric wiper system

OTHER

Media Handling	Auto take up reel, Roll Paper
Compatible Operating Systems	Windows 10, Windows 7, Windows 7 x64

PRINT FEATURES

Printing Resolution	720 x 1.440 dpi
---------------------	-----------------

LCD AND MEMORY CARDS

LCD screen	Type: Colour
------------	--------------

OTHER

Warranty	12 months On-site service
----------	---------------------------

LOGISTICS INFORMATION
