Highlights

Contour Detect Technology

Follow every contour of your face and neck with 8-directional ContourDetect technology. You'll catch 20% more hairs* in a single pass, resulting in an extremely close, smooth shave.

V-Track Precision Blades

The V-Track Precision Blades collect hair in the optimal cutting position, resulting in a more comfortable shave that's 30% closer*. The blades also self-sharpen to ensure a premium shave day after day.

Personal Comfort Settings

Customize your shave by choosing the speed setting that best fits you: Sensitive – for a gentle, yet thorough shave. Normal – for a thorough – everyday shave. Fast – for a quick shave that saves you time.

Shave Wet or Dry

Choose how you prefer to shave. Shave in the shower. Or use with water, foam, or gel for refreshing, comfortable shave.

SmartClean System

At the touch of a button, the SmartClean System cleans, lubricates, dries, and charges your shaver, keeping it performing at its best, day in and day out.

Super Lift & Cut Action

Shave closer with the dual-blade Super Lift & Cut Action. The first blade raises each hair while the second blade comfortably cuts below skin level, for exceptionally smooth results.

SmartClick beard styler

Change your look with the SmartClick Beard Styler attachment. Choose from 5 length settings to create anything from a perfect stubble look to a short, neatly trimmed beard. Rounded tips and combs are designed to prevent skin irritation.

50 minutes of cordless shaving

Shave longer with every charge, thanks to our powerful and long-lasting Lithium-ion battery. Do a quick charge for 5 minutes and you'll have enough power for one shave. All Shaver Series 9000 models are designed to operate only in cordless mode, to ensure you'll always be safe when shaving with water, even in the shower.

Travel case

The sleek design of the shaver storage case takes up less space and a built-in ventilation chamber dries your shaver even when you're on the go.
