PHILIPS

Linear tube
17W (32W) G13, Daylight, Non-dimmable

Specifications

Bulb characteristics

- Cap/fitting: G13
- Dimmable: No
- Indoor/Outdoor: Indoor
- Shape: Tube
- Voltage: 120 - 277 V
- Wattage: 17W
- Wattage equivalent: 32W

Bulb dimensions

- Height: 1212.3 mm
- Width: 27.8 mm

Durability

- Number of switch cycles: 5000
- Lifetime of lamp: 36000 hour(s)
- Average life (at 2.7 hrs/day): 37 year(s)
- Lumen maintenance factor: 0.7

Light characteristics

- Color: Daylight
- Color rendering index (CRI): 80
- Light output: 2100 lumen
- Warm-up time to 60% light: Instant full light
- Starting time: <0.5 s
- Color consistency: 6 SDCM

Other characteristics

- Lamp current: 80-260 mA
- Power factor: >0.9

Power

- Mercury content: 0 mg

Rated values

- Rated lifetime: 36000 hour(s)
- Rated luminous flux: 2100 lumen
- Rated power: 17 W

Highlights

Natural day light

This bulb has a color temperature of 5000K, creating a lighting effect that is very close to that of natural daylight. Natural daylight helps with focus and making details easier to see.

Plug and play

Simple and quick do-it-yourself project with no wiring required and no need to replace your existing ballast.****

Similar to linear fluorescents

The perfect quick and easy replacement for T8 linear fluorescent tubes. It fits directly into standard T8 linear fluorescent G13 sockets.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

No visible flicker

When your light flickers in quick succession it could be hard on the eyes, cause headaches, and even set off an attack for those with photosensitive epilepsy. It's both unpleasant and unnecessary. LEDs can flicker because of their rapid response to the driver current. However, because Philips LEDs are designed so that variations in your driver current's output are minimized, they eliminate the factors that cause flicker. So, you won't see it, not even a hint.
