Suitable for

- PowerGo: FC8240..FC8246, FC8250, FC8253, FC8289

FC8001/01

Highlights

s-bag® Classic Long Performance

The kit contains 1 x s-bag® Classic Long Performance original dust bag. This original Philips dust bag has been developed to provide long lasting vacuum cleaner performance, i.e. a high performance level and maximum filtration, up to the moment the dust bag is full and ready for disposal.

Allergy exhaust filter

The kit contains 1 x Allergy exhaust filter. The filter catches even the finest dust before the air is expelled back into the room. This results in a clean, dust-free air in your home. The filter should be replaced once a year.
