

External Battery Pack for Tripp Lite SVX Series 3-Phase UPS Systems

MODEL NUMBER: **BP480V370**

Extend the runtime of a Tripp Lite SVX series modular 3-phase UPS system.

Features

Extend the Runtime of SVX Series UPS Systems Tripp Lite's BP480V370 external backup battery pack extends runtime for SVX series UPS systems. It consists of a battery cabinet and sealed lead acid batteries. Up to three external battery pack cabinets may be connected in parallel to increase runtime.

Enjoy Compatibility with SVX Series UPS Systems The BP480V370 external UPS battery pack uses a +/- 240VDC configuration and must be hardwired to a compatible UPS. Circuit breakers provide overcurrent protection. The BP480V370 is compatible with Tripp Lite UPS models that begin with SVX30, SVX60, SVX90, SVX120, SVX150, SVX180 and SVX210.

Maintain a Uniform Look in Network Environments Made of powder-coated steel, the battery cabinet is designed to match the SVX series UPS systems to keep a consistent look in your server room or data center. The cabinet door is lockable to control access to batteries. The top of the cabinet has knockouts for user-supplied power output cables. Front and rear vents allow the free flow of warm air out of the cabinet, and appropriate spacing provides ventilation between individual batteries.

Comply with TAA Requirements The BP480V370 complies with the Federal Trade Agreements Act (TAA) for GSA Schedule purchases.

One-Year Warranty The BP480V370 is backed by a one-year limited warranty, ensuring reliability and performance.

Specifications

OVERVIEW	
UPC Code	037332207012
INPUT	

Highlights

- Extends runtime of Tripp Lite SVX series UPS systems using a +/- 240VDC configuration
- Cabinet matches UPS systems for a consistent look; includes sealed lead acid batteries
- Requires hardwire installation; circuit breakers provide overcurrent protection
- Up to 3 battery pack cabinets may be connected in parallel to increase runtime
- Complies with Federal Trade Agreements Act (TAA) for GSA Schedules

Applications

- Provide extended battery runtime for an SVX series 3-phase UPS system

System Requirements

- Compatible Tripp Lite SVX Series UPS System

Package Includes

- BP480V370 External Battery Pack (With Batteries)
- Owner's manual
