

Philips Viva Collection
iSpiral IH rice cooker

Patented iSpiral IH technology
Natural Maifanshi Coating
Large size, 3L

HD3173/21

Great tasting rice with every grain well cooked

with Patented iSpiral IH technology

With innovative iSpiral IH technology, Philips Viva collection rice cooker solves the problem that traditional IH technology always has. Each grain can evenly absorb water and be heated on all sides through the patented heating technology.

Innovative iSpiral IH technology

- iSpiral IH technology forms ultra strong outside-in currents
- Smart micro processor controls operation precisely
- Essentially improve heating uniformity and fluffy taste

Food-grade Maifanshi coating

- Food-grade Maifanshi coating contains micro-nutrients
- Antiseptic ceramic coating is used as inner coating
- Non-stick and durable

Multiple user-friendly design

- 9 menus for a variety of choice
- "My Favorite" makes personal tailor possible
- Food-grade stainless steel and detachable lid

Follow European quality standards

- Follows RoHS and passed SGS test

PHILIPS

Highlights

iSpiral IH technology

To solve traditional IH technology's heating problem, Philips patented iSpiral IH technology allows solenoid coils work in ideal ratio to form ultra strong outside-in currents. All the grains can be evenly heated on all sides.

Precise micro processor

Smart micro processor controls operation frequency, strength and time of solenoid coils. It makes hardness, chewiness and water content of all grains reach ideal level.

Essentially improve heating

Essentially improve heating uniformity and fluffy taste

Food-grade Maifanshi coating

Food-grade Maifanshi coating contains various micro-nutrients. Unlike normal coating which contains chemicals, ceramic coating is natural and antiseptic which guarantees food-grade safety and non-sticky inner coating.

Antiseptic ceramic coating

Antiseptic ceramic coating is used as inner coating

Non-stick and durable

Non-stick and durable

Multi-function

9 menus, including original Fragrant glutinous, Brown rice and Whole-grain porridge, are designed for a variety of choice.

"My Favorite"

Define most frequently used menus with specially designed function, "My Favorite". Up to 3 menus can be reserved. Make personalized tailor possible.

Detachable lid

Food-grade stainless steel and detachable lid.

European standards

Whole device follows RoHS and internal silicone ring passed SGS test

Specifications

Accessories

- Included: Measuring cup, Non-stick innerpot, Spatula, Steaming tray/basket

Country of origin

- Made in: China

General specifications

- Product features: Cancel button, On/off switch, Preset cooking function, Time control, Power-on light
- Keep warm function: 12 hour(s)
- Prefix programs: 9

Service

- 2-year worldwide guarantee

Sustainability

- Packaging: > 90% recycled materials
- User manual: 100% recycled paper

Technical specifications

- Capacity bowl: 3 L
- Cord length: 0.8 m
- Frequency: 50 Hz
- Voltage: 220 V
- Power: 1500 W

Weight and dimensions

- Dimensions of product (LxWxH): 312x246x209 mm
- Weight of product: 3.8 kg

Design

- Color: White & pink
- Color of control panel: White

Issue date 2018-04-17

Version: 1.0.1
