- Removable crumb tray for easy cleaning
- High lift to safely take out smaller pieces
- Extra auto shut-off protection

Highlights

8 browning settings

8 settings allow you to toast different types of bread without the risk of getting it burnt. Adjust the browning setting to your preference and get your toast the way you want it.

2 large variable slots

2 large variable slots for different sizes of bread. The bread is kept in the centre for even browning results on both sides, thanks to the self-centring feature.

Integrated bun rack

Integrated bun rack to warm your favourite buns, pastries and rolls easily.

Reheat, defrost in one go

The reheat function warms toast in seconds, and the defrost function helps to toast frozen bread in one go.

Cancel button for instant shut

The cancel button stops toasting at any time for safe and precise operation.

Removable crumb tray

Easy to clean thanks to the removable crumb tray.

High lift function

High lift feature to easily remove small pieces of bread.

Extra auto shut-off protection

Extra auto-off protection protects the product against short circuit.
