An energy-efficient, powerful lithium-ion battery gives you more shaves per charge. Charge it for an hour and you'll have up to 45 minutes of shaving time. Charge it for 3 minutes and you'll have enough power for one shave.

Two level battery indicator

The multi-level LED display shows when the battery is low, when you need a new head and when the travel lock is on. Travel lock prevents the product from turning on by accident. Press any button for 3 seconds to activate the travel lock so the product doesn't get turned on accidentally. A red lock symbol shows when the travel lock is on.

Click-on trimmer

Perfect your look with the SmartClick skin-friendly precision trimmer. It's ideal for maintaining a moustache and trimming sideburns.

Charging stand

The foldable charging stand is designed to fit into even the smallest spaces, so you can charge it wherever you want and easily take it with you when you travel.
