

HP Backup Printing Service

HP Care Pack for HP Jet Fusion 4200 Series 3D Printing Solutions

HP Care Services

Protecting the future of your business also means planning for the unknown. You can keep your HP 3D Printing System up and running effectively today and over time with the right care.

HP Care Services are specifically designed to help support your HP Jet Fusion 3D Printers and Printing Solutions. Uptime is the ultimate objective, but HP Care Services go beyond, helping to protect your investment in HP Multi Jet Fusion technology by extending the life of your 3D printer. Offering varying levels of support, HP Care Services provide you access to HP experts, either remotely or onsite, who can quickly troubleshoot your 3D printing system and return the hardware to full operating condition within a specified timeframe.

Service benefits

- Keep production schedules on track
- Gain peace of mind with a solid backup plan

Service features

- Get your critical jobs printed

Service overview

Plan for the unexpected. The HP Backup Printing Service is designed to deliver peace of mind because it protects your business in the event of unexpected downtime, especially when you're printing business-critical jobs or projects. HP will print the job for you while your printer is unavailable so production keeps moving and operations stay on schedule.
