**AVENT**

# Specifications

## Country of origin

- England

## What is included

- Personal pump parts: 2 pcs

- Storage Cup (240 ml/8 oz): 5 pcs
- Milk storage cup lid: 5 pcs

## Development stages

- Stages: 0–6 months

# Highlights

## Gentle-draw vacuum

The gentle-draw vacuum mimics baby's suckling to create a steady milk flow that requires less pumping.

## Patented Let-down Massage Cushion

Five soft petal massagers gently flex in and out, working in tandem with the reliable vacuum. This is intended to help stimulate a fast, natural milk flow.

## More milk, naturally

Expression allows breast milk to be available, even when you can't be there

## Personal pump parts/accessory

This Twin expression kit's funnels are only compatible with the Twin electric breast pump, due to different valves and a closed diaphragm. The Twin expression kit will not fit the manual or single electric breast pump

## Soft massage cushions

The patented massage cushions of the Philips AVENT breast pump flex in and out, replicating baby's suckling action and are intended to help stimulate a fast natural let down.
