PHILIPS

Features

Ceramic plates

Ceramic is microscopically smooth and durable by nature and it is one of the best materials for straightening plates. The plates glide effortlessly through your hair, giving you perfect shiny hair.

210°C professional temperature

This high temperature enables you change the shape of your hair, and gives you that perfect look like you've just come from the salon.

Instant heat up

The straightener has a fast heat up time, being ready to use in 60 seconds

Easy lock

Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.

1.8 m cord
