Great results, great value

Enjoy 12 months of hair-free smooth skin*

Get hair-free smooth skin with our Lumea IPL 7000 Series. Treatments are gentle and effective with attachments for each body area.

Gentle and effective for long-lasting smooth skin

- Fast results with treatments only every 2 weeks
- Developed with dermatologists to be easy and effective
- Extra-long cable for added flexibility while treating

Full solution for face and body

- Full solution for face and body with 2 attachments
- Comes with VisaPure mini facial cleanser
- Suitable for a wide range of skin tones and hair colours

Personalised IPL hair removal treatment

- Skin Tone Sensor and 5 intensity settings
- Optimise your routine with the Philips Lumea IPL app

Highlights

2 x a month for fast results

Get started with the initial phase of 4 treatments only every 2 weeks — that's half as many treatments as other brands. Then touch up monthly to maintain the results.

Skin Tone Sensor

Choose from 5 intensity settings for a comfortable experience. The Skin Tone Sensor prevents you from treating areas of your skin that are too dark for IPL treatment.

Extra-long cable

Lumea Series 7000 is convenient to use thanks to an extra-long cable for easy access and enhanced manoeuvrability.

2 dedicated attachments

Different heads for body and face work, with speed and precision for gentle use, even on sensitive areas. The face attachment has an integrated light filter for precise treatment.

Developed with dermatologists

As a leader in health technology, Philips developed Lumea IPL in consultation with dermatologists, for easy and effective use in

the safety of your home. Derived from technology used in professional salons, Lumea IPL offers gentle treatment, even on sensitive areas.

Philips Lumea IPL app

Our free coaching app helps you plan and stick to your treatment schedule, then takes you through each session step by step. Downloaded by more than 2.1 million users.

VisaPure mini facial cleanser

Complete your beauty routine: The VisaPure mini facial cleanser is a compact and effortless skin cleansing device for visibly fresh and soft skin.

For many skin and hair types

IPL needs contrast between the pigment in the hair colour and the pigment in the skin tone; it therefore works on naturally dark blonde, brown and black hair and on skin tones from fair to medium brown (I-IV).
