

HP Device as a Service (DaaS)

Smart, simplified computing solutions for today's world.

Managing and securing multi-OS environments can be challenging

Device proliferation and the addition of personal devices entering the workplace has challenged ITDMs in maintaining a secure and manageable IT environment. Multiple operating systems on different types of devices have created new entry points for security breaches and made it more difficult to proactively manage the IT environment. HP DaaS makes it easier to manage the diversity of multi-OS desktops, workstations, and mobile devices so your business can operate at its full potential.¹

Introducing HP DaaS

Optimise your IT assets and resources with HP Device as a Service (DaaS), a complete solution that combines hardware, insightful analytics, proactive management, and services for every stage of the device lifecycle.¹

The right devices for the job

Choose a device mix that's as unique as your business, with a wide selection of HP commercial notebooks, desktops, and mobile and specialised devices.

Management with insight

Secure and manage multi-OS devices, and proactively identify and mitigate issues with insightful HP TechPulse analytics.² Our Service Experts can enforce security policies and perform daily management with leading endpoint management tools.³

Actionable reports for more proactive management:

Security compliance⁴

Software inventory

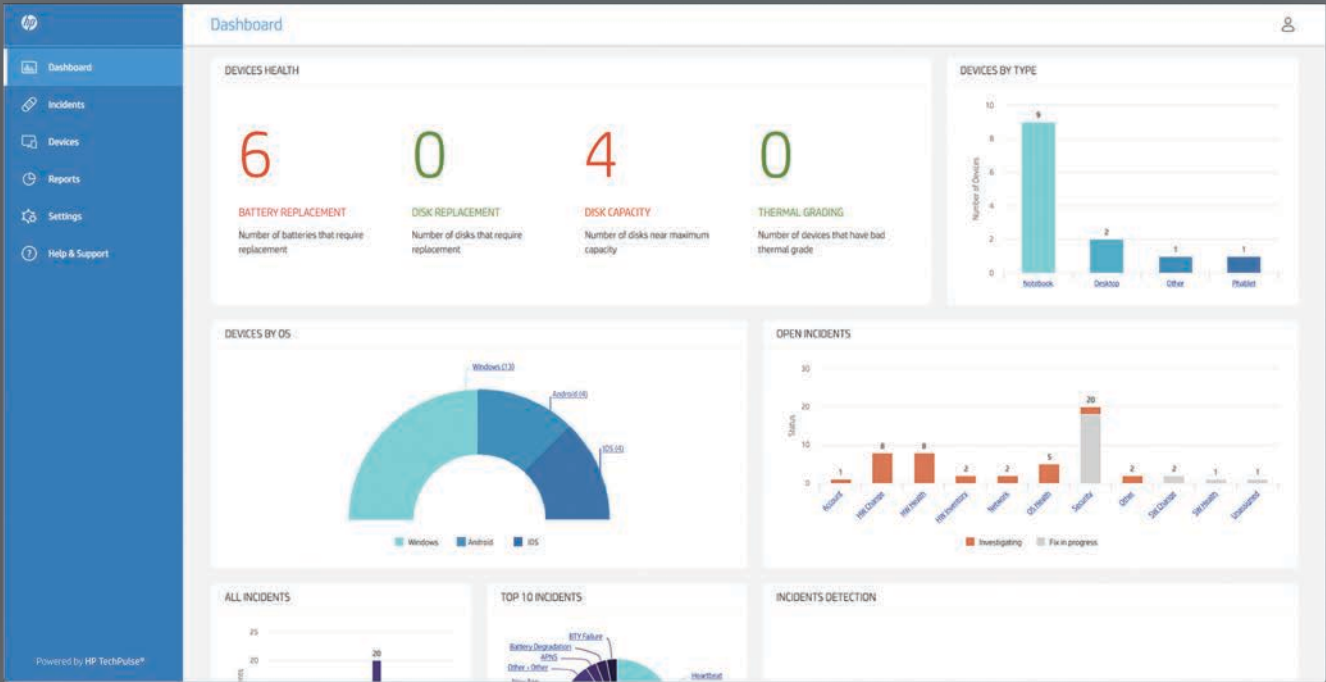

Battery life⁵

Hard drive⁵

CPU utilisation⁵

ISO 27001:2013 certified

Proactive Management with HP TechPulse

Insightful and predictive analytics

Identify, predict, and address issues with HP TechPulse—analytics that use machine learning, preconfigured logic, and contextual data to deliver device, application, and usage insights that help you optimise your IT spending and resources.

Lighten the load on IT

Offload a little or a lot. Our Service Experts use HP TechPulse analytics and modern management tools to manage your multi-OS devices.^{2,3} The one-stop dashboard also allows incident integration with ServiceNow IT service management system.⁶

Flexibility for your business

Don't pay for more than you use. Tailor your solution with HP Lifecycle Services—from design to configuration, maintenance, and end of use—and financial terms to meet your needs with the convenience of a single price per device. Flex your devices and services up or down based on changing workplace or workforce needs.⁷

With HP Device as a Service, you get:

A wide variety of device choices

Technical support and rapid repair or replacement

Insightful and predictive analytics from HP TechPulse

Flexible plans with a simple, predictable price

Proactive management and lifecycle services

Tailor your plans with HP Lifecycle Services

1. HP DaaS plans and/or included components may vary by region or by Authorised HP DaaS Service Partner. Please contact your local HP representative or Authorised HP DaaS Partner for specific details in your location. HP services are governed by the applicable HP terms and conditions of service provided or indicated to the customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP limited warranty provided with your HP product.
2. For full system requirements, please visit hpdaas.com/requirements.
3. HP unified endpoint management is provided by HP Service Experts in HP DaaS Enhanced or Premium plans. Service Experts deliver service using VMware Workspace ONE powered by AirWatch. Or, customers using Microsoft Intune may have our Experts manage using licenses they already have. Please check availability of options in your country.
4. Security compliance available in HP DaaS Enhanced and Premium plans.
5. Windows devices only.
6. ServiceNow license required, sold separately, and requires installation of the HP DaaS application from hpdaas.com and a valid license for ServiceNow ITSM software.
7. Financing and service offerings available through Hewlett-Packard Financial Services Company and its subsidiaries and affiliates (collectively HPFSC) in certain countries and are subject to credit approval and execution of standard HPFSC documentation. Rates and terms are based on customer's credit rating, offering types, services and/or equipment type and options. Not all customers may qualify. Not all services or offers are available in all countries. Other restrictions may apply. HPFSC reserves the right to change or cancel this program at any time without notice.
