- Air and micro-droplet technology
- High-performance nozzle
- Triple-burst customisable settings

Improves oral health

- Up to 99.9% plaque removal***
- Clinically proven to be as effective as floss for gum health**
- Helps prevent cavities between teeth

The easiest way to effectively clean between teeth

- Total daily confidence with a fresh and clean mouth
- Takes just 60 seconds: Point, Press, Clean!
- An easy way to start a healthy habit

Highlights

Three modes

With a choice of three modes, this toothbrush allows you to customise brushing to your own needs. Clean mode is standard for superior cleaning. White is the ideal mode for removing surface stains. And Gum Care mode adds an extra minute of reduced-power brushing, so you can gently massage your gums.

BrushSync technology

A microchip-enabled technology that detects and synchronises the smart brush head with the smart handle. The smart handle and smart brush head pair is a powerful combination that enables Smart replacement reminders.

Up to 99.9% plaque removal

AirFloss Pro/Ultra removes up to 99.9% of plaque from treated areas.***

Micro-droplet technology

Our clinically proven results are possible thanks to our unique technology, which combines air and mouthwash or water to powerfully yet gently clean between teeth and along the gumline.

Easily start a healthy habit

Interproximal cleaning is very important to overall oral health. AirFloss Pro/Ultra is an easy way to clean deeper between teeth, helping to form a healthy habit.

Better gum health

Philips Sonicare AirFloss Pro/Ultra is clinically proven to improve gum health as much as floss.** Helps improve gum health in as little as two weeks.

Cleans in just 60 seconds

With the AirFloss Pro/Ultra, cleaning your entire mouth takes less than 60 seconds a day. Simply select your burst frequency (single, double or triple) and hold down the activation button for continuous automatic bursts or press and release for manual burst mode.

Fresh and clean with mouthwash

Fill the reservoir on the handle with either mouthwash or water, and then point and press. Use with mouthwash for the ultimate fresh experience and anti-microbial benefits.

Helps prevent cavities

By gently bursting away plaque that brushing missed, Philips Sonicare AirFloss Pro/Ultra helps prevent cavities from forming in the spaces between your teeth.

Specifications
