

For compatibility with the latest operating systems, please update to the latest firmware, which may be found by clicking the Model Support tab at the bottom of this page.

## USB-C to Serial DB9 RS232 Adapter Cable - 3 ft. (0.91 m) Keyspan, High-Speed (M/M), TAA

MODEL NUMBER: USA-19HS-C

USB-C to DB9 adapter connects legacy serial devices, such as lab equipment and digital cameras, to your computer or laptop's USB-C port.

### Features

**USB-C to Serial Adapter for Use with All RS-232 Serial Devices** This Keyspan® adapter lets you connect a legacy DB9/RS-232 serial device to the USB-C port on your computer, laptop, tablet, Chromebook or MacBook. It works with switches, routers, modems, barcode scanners, GPS units, digital cameras, point-of-sale devices, lab equipment, network storage devices and other devices with a 9-pin serial port.

**Ready to Begin Transferring Data Almost Immediately** The included 3-ft. (0.91 m) detachable cable supports data transfer rates up to 230 Kbps, which doubles the speed of built-in PC serial ports. The USB-C to DB9 adapter also works with any USB-C cable up to 16 feet. LEDs on the unit indicate status and data activity. No external power is needed. The unit weighs just two ounces and is easy to carry in a pocket, purse, backpack or laptop bag for instant file transfers where needed.

**Compatible with Major Operating Systems** This USB-C to serial adapter works with Windows (up to 10), Mac OS X (up to Big Sur 11.6 and Monterey 12.0.1) applications. It's easy to upgrade via free software downloads. Windows line monitor and data trace software are included. Supports both 32-bit and 64-bit systems. The driver for newest operating systems are available for download on the Technical Support page.

**TAA-Compliant for GSA Schedule Purchases** The USA-19HS-C is compliant with the Federal Trade Agreements Act (TAA), which makes it eligible for GSA (General Services Administration) Schedule and other federal procurement contracts.

## Specifications

### OVERVIEW

### Highlights

- Provides full modem control and hardware/software flow control
- Supports data transfer speeds up to 230 Kbps—double the speed of a PC serial port
- Works with any USB-C cable up to 16-ft. (4.88 m) long (detachable 3-ft. (0.91 m) cable is included)
- Works with Microsoft Windows (up to Windows 10) and Mac OS X (up to Mac OS Big Sur 11.6 and Monterey 12.0.1)
- Small enough to carry in a pocket or purse for fast file transfers anywhere
- Supports 32-bit and 64-bit systems

### Applications

- Use a barcode scanner to maintain an accurate inventory on your MacBook drive
- Upload family vacation photos/videos from a digital camera or camcorder to your PC hard drive
- Download a planned route to your GPS device
- Connect a digital signage device to advertise an in-store sale or announcement

### System Requirements

- Compatible up to Windows Server 2016
- Compatible up to Mac OS Big Sur 11.6 and Monterey 12.0.1

### Package Includes

- USA-19HS-C USB-C to Serial Adapter (DB9)
- USB-C cable, 3-ft. (0.91 m)
- CD with driver software and owner's manual
