

# MCPURGB

UNIVERSAL CPU COOLER

**RGB Flow** Ultra-Silent **PWM 4pin**  
**120mm** CPU cooling fan

**Heat Core Touch Technology**  
aluminium base

**3** high-performance **heatpipes** and  
optimized **aluminium fins**

**Compatible with AM4**

## FEATURES

|            |                                             |
|------------|---------------------------------------------|
| Fan        | PWM 4pin 120mm                              |
| Air flow   | 56 CFM                                      |
| Speed      | 1000-2000 RPM                               |
| Noise      | 9-21 dBA                                    |
| TDP        | 130W (thermal design power)                 |
| MTBF       | 60.000 h                                    |
| Extras     | Includes super conductive MARS GAMING paste |
| Dimensions | 134x125x78mm / 420g                         |

## LOGISTICS

|           |               |                      |                    |
|-----------|---------------|----------------------|--------------------|
| Reference | MCPURGB       | Units/palet          | 450                |
| EAN       | 4718009151802 | Packaging dimensions | 13.5 x 16.5 x 10cm |
| Units/box | 18            |                      |                    |

## COMPATIBILITY

INTEL LGA 2066/2011/1150/1151/1155/1156/775/1200

AMD AM4/AM3+/AM3/AM2+/AM2/FM2/FM1
