

MPN: CABLEMANA-3

Cable Management 19", 1U

The MicroConnect Cable Management 19" 1U (CABLEMANA-3) offers a professional and efficient solution for organizing cables within your 19-inch rack. This 1U cable management panel helps to eliminate cable clutter, improving airflow and making it easier to maintain and troubleshoot your equipment. Constructed with durability in mind, this cable management system is built to withstand the demands of server rooms and data centers. Benefit from improved organization, reduced downtime, and a cleaner, more professional-looking rack environment with this essential accessory. Trust MicroConnect's 20+ years of expertise to deliver a high-quality, reliable cable management solution.

- Protects the devices from the clogged airflow due to unorganized and disordered wires
- Helps to maintain basic functionality
- Create a visually pleasing and clean work environment
