

powerstation®

High-output portable battery with a Lightning port.
Made for Apple and USB devices.

+16 HOURS OF BATTERY*

  **DUAL USB CHARGE PORTS**

 **2.1A QUICK CHARGE**

LIGHTNING PORT

Recharge the powerstation using the Lightning cable that came with your Apple device.

DUAL USB CHARGE PORTS

Charge two devices at the same time.

PRIORITY+® CHARGING

Charges your connected device first before the powerstation starts to recharge itself.**

ALUMINUM FINISH

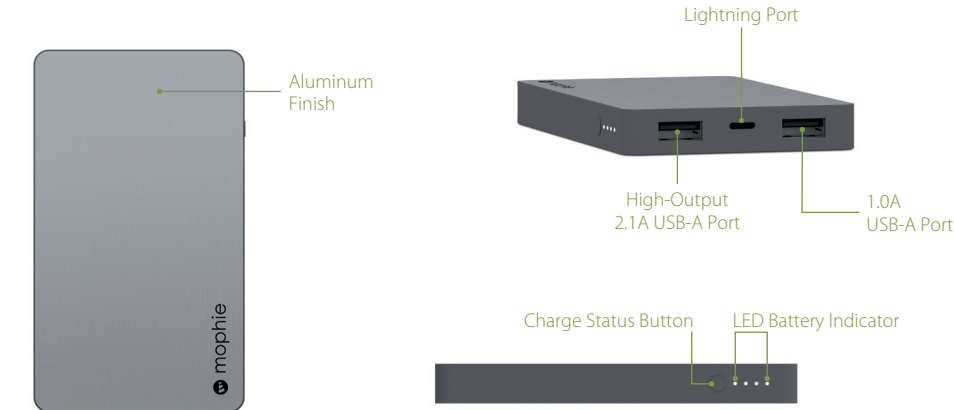

The sophisticated, sleek, aluminum finish makes this the perfect look to fit any mobile lifestyle.

Key Selling Points

- The rechargeable 5,050mAh battery delivers up to 16 extra hours of battery for your smartphone.*
- The Lightning port lets you use the Lightning cable that came with your Apple device to recharge the powerstation battery.
- Charge one device rapidly with the 2.1A USB-A port while charging a second with the 1A USB-A port.
- Priority+ charging provides power to a charging device first before the powerstation recharges itself.**
- The integrated four-light LED power indicator displays charging status and current battery life.

The next generation of universal power.
