

Reasons to choose Original HP Ink

HP printers and ink cartridges or ink bottles give you an outstanding printing experience in so many ways.

It's difficult to judge an ink cartridge's quality just by looking at it. So let's take a deeper look. Decades of HP ink development and thousands of prototypes help ensure that your prints are bright, clear, and sharp—for professional-quality documents and lifelike photos.

IT'S ALL IN THE DESIGN

Printer and ink designed together. HP engineers and chemists design and test printers and ink together to place ink speedily and accurately. Tiny, repeatable drops of ink placed precisely on the paper preserve detail in images and graphics, as well as produce sharp text in black and colour.

Printheads work with the ink to print durable, high-quality, crisp documents and photos. Inks and printheads interact with colour maps to reproduce vivid, lifelike colour. Original HP printheads are designed to resist clogs and maintain a long print cartridge life.

Premium ink formula. HP ink has carefully balanced ingredients and is formulated for optimal print quality. It includes components to keep the ink from clogging the printhead, dyes or pigments for true colours, surfactants to help ink interact with the paper for legibility, and controlled viscosity for consistent drop formulation.

Trustworthy page yields. HP publishes page yield data based on the industry standard for measuring ink cartridge yields (ISO/IEC 24711).¹

Out-of-the-box and ready to go. No need to worry about installing a dud.²

Reliable performance. Help keep your printer healthy and avoid the potential of printhead damage and wasted pages.²

Designed to print high-quality documents and photos, every time. With HP, get prints you can be proud of and don't waste time, ink, and paper on unusable prints.²

HELPFUL FEATURES AND INNOVATIONS

Printing options. Choose the printing mode to fit your changing needs: normal, photo, or draft modes are available.

Fast dry times. Carefully balanced ink ingredients produce quick-drying prints and prevent smearing as pages enter the paper tray.³

Fade resistance. Documents and photos resist fading from exposure to light, for prints that last.³

Durable prints. Water and smear-resistant prints let you share your professional documents and photos with confidence.³

HP Active Ink Balancing. HP 302 and 303XL ink cartridges actively monitor and manage the colours used on documents so you get the most from your tri-colour cartridge.

ULTRA-CONVENIENT PURCHASING EXPERIENCE

Low-ink alerts keep you informed about your ink usage and when it's time to replace cartridges.

Simple to reorder, wide availability. It's easy to reorder and find what you need from HP SureSupply, the HP Smart App, or hp.com. Original HP Ink is widely available in-store and online around the world from HP and trusted HP partners.

High-yield and multipack cartridges are available for different printing and purchasing needs.

Easy to replace. Original HP Ink cartridges are a breeze to remove and install.

Innovative ink replacement service. Unique to HP, the HP Instant Ink programme offers ink savings and convenient ink delivery. Learn more at hpinstantink.com.

THE RIGHT CHOICE FOR THE ENVIRONMENT

Easy cartridge recycling through HP Planet Partners.⁴

Keeps plastics out of landfills. Ink cartridges being recycled through HP Planet Partners do not go into landfills.⁴

Reuse of old ink cartridges. Recycled content is used in new ink cartridge bodies.⁵

HP is the world's

#1

printer vendor⁶

100%

Trust in a predictable printing experience from 100% reliability testing of cartridges. HP ink cartridges work the first time, every time.²
