HP Folding solutions

High-productivity online folding for
HP PageWide XL and HP DesignJet XL printers

Full online integration

- Control the folder and folding styles from HP SmartStream software, the driver, the scanner, or the printer touchscreen

- Experience reliable system operation with bi-directional communication between the printer and the folder

- Monitor and manage HP Folding solutions from the printer's front panel or HP SmartStream software: the job queue halts when the folder has stopped

High speed

- Boost end-to-end productivity with breakthrough linear speeds of HP PageWide XL and HP DesignJet XL

- Quickly complete your jobs from start to finish with folding speeds up to 23 m (75 ft) per minute

- Keep your jobs organized with stacking up to 150 A0/E-size folded package standards[1]
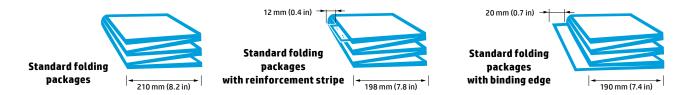

Versatility

- Select the best folding solution among HP F70, and HP F40 folders for your workspace and volume needs

- Opt for the HP F40 Folder for a more compact end-to-end solution

- Efficiently fold all your CAD documents by using either pre-defined or custom folding programs

- Choose from a variety of folding standards including DIN, AFNOR, ANSI, and US
