Highlights

Paint your outdoors

With Philips Hue outdoor lighting there's no limit to the magic you can add. Play with 16 million colors and all shades of white light to create the effect you want. Highlight objects, trees or pathways to make your space stand out. Use the Hue app to save your favorite light settings and recall them whenever you want with the tap of a finger.

Warm to cool white light

Extend your evenings with Philips Hue outdoor lighting. Set the right ambiance on your patio, balcony or porch and relax. From the warm white light of a summer sun, to the ice cool daylight of winter: you can enjoy any shade of white light to fit your mood throughout the year.

Special occasions

Family or friends coming over? Set your outdoor lights to match the occasion. Whether it's a cozy dinner on the balcony, a BBQ on the patio or party in the backyard, you can add a touch of magic to every get-together with Philips Hue. Create colorful scenes or slow-moving dynamic effects to enjoy these special moments to the fullest.

Set timers for convenience

Enjoy longer evenings outside, finish yard work or just bring the garbage outside after sunset. Have your Philips Hue lights turn on automatically by setting schedules or use sunset / sunrise routine. And of course, you can also turn off or dim your lights this way. You'll never again have to worry whether you've left any lights on.

Control it your way

Connect your Philips Hue lights with the Bridge and start discovering the endless possibilities. Control your lights from your smartphone or tablet via the Philips Hue app, or add the indoor switches to your system to change your lights. Set timers, notifications, alarms, and more for the full Philips Hue experience. Philips Hue even works with Amazon Alexa, Apple HomeKit and the Google Assistant to allow you to control your lights with your voice.

Smart control, home and away

Light up your outdoors and see what's going on outside. By connecting your outdoor lights with the Hue Bridge you can control them in any way you like. With the Philips Hue outdoor sensor, our indoor remote control options such as the Philips Hue app or using your voice (Amazon Alexa, Apple HomeKit or Google Assistant) you can control your outdoor lights. You can set light schedules to mimic your presence. Control your outdoor lighting from the comfort of your home or from any other location.

Set your lights to welcome you

Experience the comfort of your lights turning on automatically when you arrive and turning off when you leave. Unload your car, enter your house, all with the comfort of the right light. Either use the Philips Hue outdoor sensor, or set the Hue app to Home or Away mode to switch on all your lights, or let geolocation do it for you, all without touching a button. It's as easy as that.

Requires a Philips Hue bridge

Connect your Philips Hue lights with the Bridge to control your lights from your smart phone or tablet via the Philips Hue app. Or control your Philips Hue lights with the Philips Hue dimmer indoor switch for on/off and dimming functionalities.

Weather-proof (IP44)

This Philips Hue outdoor fixture is specially designed for use in outdoor environments and has undergone rigorous tests to ensure its performance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This lamp is designed with IP44: it is protected against water splashed from any direction. This product is most common and ideal for general outdoor use.

quality aluminium and glass

The products are made specifically for outdoor use. We are using high-quality aluminium and tempered glass to ensure the best performance in the outdoor conditions. As well as smart use of materials to optimize radio frequency.

High light output

This Philips Hue light provides you with enough output to light up your garden comfortably. Use this Philips Hue light to help you light up your entrances, create more ambiance and bring your outdoors to the next level by setting the scene for your moment.
