Sharp's 4K BIG PAD PN-75HC1 has been developed for classrooms or higher education campuses as well as meeting rooms and workspaces. Building on Sharp's expertise in advanced smart interactive display solutions, the PN-75HC1 offers flexible and fast application access with its integrated Android PC functionality.

Offering the latest on-screen collaboration capabilities with affordable price performance, Sharp's latest 75" BIG PAD interactive display can help you enhance communication and create the best environment for effective collaboration.

The generous 4K UHD 75" touchscreen display lets you create and collaborate with ease and precision, whether in a classroom or a meeting room. Everyone is engaged and stays focused, so you'll never have to worry about trying to keep their attention.

Powerful, flexible and cost-effective, the latest Sharp 4K BIG PAD PN-75HC1 provides an outstanding platform with easy connectivity via VGA, HDMI inputs or wireless connections with smart mobile devices to either boost collaboration, enhance audience impact, or simply increase lesson effectiveness.

Multiple users can connect to the display wirelessly and share content from their smart device with everyone in the room and the main presenter or teacher is always in control because of the Touch Panel Lock button on the display, which allows management of the various content sources.

Finally, further powerful application and feature enhancement opportunities exist via the OPS slot extension.
