Wet and dry electric shaver

Shaver series 7000

SkinGlide Rings

GentlePrecision Blades

BeardAdapt Sensor

Personal Shave Plan

S7930/16

## Close shave, even on sensitive skin

### Our No. 1 for sensitive skin

The Philips Shaver Series 7000 is crafted for a close, sensitive shave. Enhanced with personal guidance—co-developed with dermatologists—it helps men with the specific skin issues they face. Because everyone's skin is different.

#### Designed for skin comfort

- SkinGlide Rings with microspheres for a smoother glide
- Multi-direction flex heads follow curves with least pressure
- Aquatec gives you a comfortable dry or refreshing wet shave

#### Close and smooth

- GentlePrecision Blades cut close even on sensitive skin

#### Personalised

- BeardAdapt Sensor for an efficient shave even in dense areas
- Personal Shave Plan tackles your specific skin issues
- Sensitive Shave Settings customised to your skin

#### Convenient

- SmartClick precision trimmer for moustache and sideburns
- 50 minutes of cordless shaving when fully charged
- 1 hour charging time
- 5 minute quick charge gives enough power for 1 full shave

# Highlights

## SkinGlide Rings

Experience the smooth glide of Philips advanced microsphere technology. Inspired by gliding principles in aerodynamics, the shaver rings are coated with thousands of tiny, glass-like spheres for maximum skin comfort.

## GentlePrecision Blades

Get a close shave even on sensitive skin with hardened high-precision blades. The blade edges are engineered to cut hair precisely, minimising tugging, pulling or repetitive passes, even on 3 day stubble.

## BeardAdapt Sensor

Shave off even dense beard areas efficiently. The shaver senses your beard density and automatically adjusts the power as needed.

## Personal Shave Plan

Get adaptive advice to tackle your specific skin issues, whether redness, razor burn or ingrown hairs. The plan is co-developed with dermatologists and gives advice on your shaving routine and technique via the connected GroomTribe app. Shave by shave, the app tracks your progress and adjusts the advice for the best skin results.

## Multi-Direction ContourDetect

Gently follow the contours of your face and neck with shaver heads that flex easily along every curve. Less pressure is needed to shave closely, so the stress on your skin is minimised.

## Sensitive Shave Settings

Shave with the recommended speed setting customised to your skin or choose your own via the connected GroomTribe app. Options include normal, sensitive and extra-sensitive.

## Aquatec Wet & Dry

Adapt your shave routine to your needs. With the Aquatec Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam, even under the shower.

## SmartClick Precision Trimmer

Finish your look with the click-on precision trimmer. It's ideal for maintaining your moustache and trimming your sideburns.
